About

CCNA-certified Computer Science student passionate about network engineering and cybersecurity. Experienced in configuring network devices and managing Windows/Linux servers. Skilled in securing and optimizing network infrastructure.

Selected Projects

2025

MikroTik Security Firewall Implementation
RouterOS, GNS3

Virtualized MikroTik security architecture with advanced firewall filtering and Layer-7 inspection.

2025

Office Network Design
Cisco Packet Tracer

Multi-layered enterprise network with VLANs, Inter-VLAN routing, ACLs, DHCP, static routing, and security configs.

More projects: **MMNayon00** on GitHub.

Technical Skills

SECURITY	Footprinting, Network Scanning, Social Engineering, Web Hacking.
NETWORKING	Routing, Switching.
MIKROTIK / ROUTEROS	Advanced Config, PPPoE/DHCP, Firewall.
PROGRAMMING	Python, Java, C/C++, Dart/Flutter, HTML, CSS, JS.
OS & SERVERS	Windows/Linux Server Administration.

Certifications

2026	**IT Infrastructure and Ethical Hacking (PGD)**
2026	**Cisco Certified Network Associate (CCNA)**

Education

2022 – 2026	**Daffodil International University** B.Sc. CSE
HSC, 2021	**Daffodil International College**
SSC, 2019	**Mohammadpur Model School & College**
